Learn it. Build it. Ship it

Pengalaman Kerja

iCodeWave Community - Semarang, Indonesia

Feb 2026 - Jul 2026

iOS Development Intern

iCodeWave is an iOS developer community at Dian Nuswantoro University, Semarang, that supports aspiring iOS developers through learning resources and growth opportunities.

- Completed a university-recognized work practice program (2026) at iCodeWave Community, an iOS app developer community at Dian Nuswantoro University.
- Worked under the guidance of community mentors and supervisors throughout the program.
- Took part in iOS app development learning activities, building familiarity with the Apple developer ecosystem and Swift.
- Organized the iCodeWave Mini Academy Series 2 event as part of the program.

Jenjang Pendidikan

Dian Nuswantoro University - Semarang, Indonesia

Aug 2023 - Mar 2027 (Perkiraan)

Bachelor of Informatics Engineering (Data Science Focus), 3.96/4.00

- Specialized in Data Science, focusing on Natural Language Processing (NLP) and Tabular Data analysis.
- Built 50+ AI and data science projects (RAG systems, ML pipelines, deployed APIs), published on GitHub (viochris).
- Earned certifications from Oracle, IBM, Coursera, and Dicoding in machine learning, deep learning, and generative AI.

YSKI Christian Senior High School - Semarang, Indonesia

Jul 2020 - May 2023

Senior High School, Science Major

- Graduated from the Science major (2020 - 2023).
- Active in Photography, Entrepreneurship, and Scout activities.

Pengalaman organisasi

Dian Nuswantoro Computer Club (DNCC) - Semarang, Indonesia

Jul 2024 - Aug 2025

Staff of Data Analyst Division

DNCC is the student activity unit at Dian Nuswantoro University dedicated to learning and researching Information Technology, with fields in Web, Mobile, Data, Networking, Game, and Visual/Design.

- Contributed to the execution of the division's work programs related to Data Science and Analytics.
- Collaborated with team members to explore Data Science concepts, including Data Cleaning, Preprocessing, and Visualization using Python.
- Actively participated in weekly routines and discussions to enhance understanding of data-driven problem solving.

Keterampilan, Prestasi & pengalaman lain

- **Soft Skills:** Analytical Thinking, Problem Solving, Technical Documentation, Research Implementation
- **Hard Skills:** Python, SQL, Pandas, NumPy, Scikit-Learn, XGBoost, CatBoost, LightGBM, TensorFlow, Optuna, LIME, LangChain, LangGraph, LlamaIndex, CrewAI, Google Gemini API, Hugging Face Transformers, FAISS, ChromaDB, Arize Phoenix, FastAPI, Streamlit, Gradio, Prefect, Docker, Git/GitHub, Tableau, Power BI
- **Certifications** 🏆: Oracle AI Vector Search Certified Professional, Oracle Cloud Infrastructure 2025 Certified Generative AI Professional, Oracle Cloud Infrastructure 2025 Certified Data Science Professional, IBM AI Engineering Professional Certificate (V3), IBM Machine Learning Specialization, AI Agents Using RAG and LangChain
- **Projects** 🏆: Built DocuTalk-AI, an agentic RAG document assistant using LangChain, Gemini, and FAISS that chooses between document retrieval and web search. Built InsightSQL, a self-correcting SQL analyst agent on LangGraph. Built a Maternal Health Risk API, a FastAPI service serving a tuned CatBoost risk classifier with LIME explanations.
- **Intellectual Property** 🏆: Co-creator of the StuntiFy stunting detection application for toddlers, a registered copyright with registration number 001072491 first published in December 2025. Volunteered at a Posyandu community health post and used the children's data collected there to test the application.
